United States Air Force
Risk Management Information System

(Click the continue button below to go to the home page)

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached ot this IS, you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.

- At any time, the USG may inspect and seize data stored on this IS.

- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, inception, and search, and may be disclosed or used for any USG-authorized purpose.

- This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.

- Notwithstanding the above, using the IS does not contstitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attornets, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

This site now requires user identification and authentication using the Common Access Card (CAC) and the DoD PKI. If you have a CAC, but have forgotten your PIN you must return to your local Military Personnel Flight (MPF) to have your PIN reset. If you are having difficulty using your CAC to authenticate to this web site or need the latest software or reader, please contact your local workgroup manager for assistance.
Click continue then choose the appropriate certificate for web browsing. You will be prompted to enter your PIN after choosing the certificate.

Enter the Air Force Risk Management Web Site. Continue
